

FOUNDATION MIRACLE

From the very first video talking about the foundation needs at Reset, we KNEW one thing, The Reset Resource Center belongs to God and He was going to do something amazing, lay yet another God story at our feet. As always when the task is too big for us, we leaned into the ONE who uses heaven as His throne and the earth as His footstool.

We have found that when we reach out to our generous partners and ask them to do what they can be it prayer or financial help; God steps in and does what we cannot.

For a few weeks we have been asking our teens to pray that God would provide the \$20,000 needed to keep the house from breaking in two. We filmed videos, wrote newsletters, posted on social media, and reached out to our partners. YOU guys came through. See the picture of all the people who contributed to the foundation...

BUT even with the \$5,000 generously given, we were \$15,000 short. Then on Saturday one of our mentors worked with their pastor to invite to me speak to a church group from Selah Hills Church. What a blessing that was! A room full of men and women ready to mentor, volunteer and teach life skill classes, and Pastor Chris wanting to step up and be part of what God is doing.

At the end I mentioned the foundation in passing, hoping to get the last of the match needed to push us to the \$6,000 mark. One couple (who wants to remain anonymous) told me they had been putting aside money for God, just extra money that they knew was God's, but didn't know what it was to be used for. I was so excited as they asked me about the match, and I told them about the \$2,000 offer and it occurred to me they may just match the whole amount. I was overjoyed. Then after a little more discussion, it became clear that God had laid on their heart to complete the picture. Just like that, we had our foundation covered AND a God story to add to the list of God stories that has built Reset.

You should have seen the teens in the room (the ones who had been praying that God would come through) when they heard the story last night. They were jumping up out of their seats, shouting and praising God. Then we got to tell them it wasn't done for me or our team or even Reset, but that God did it for THEM. That the Almighty, galaxy breathing, sea parting, hair on their heads counting God of the universe sees THEM. Loves THEM. Cares about them having a place to come and be safe, get fed and learn about His son.

THANK YOU! For each prayer, each share, each donation. YOU are part of God's story and what He is doing at Reset, and we are ETERNALLY Grateful.

In His Service,

Lorie Payne and the WHOLE Reset Team (including our teens)
